

# 32GB Computer memory DDR4 for Acer Predator G1-710-70013 UDIMM

## PHS-memory® - computer memory with 100% quality

- many years of IT competence
- Free support for optimal configuration and product selection
- High availability through professional warehouse management
- Fast delivery in throughout Europe
- Short response times and professional order processing due to full digitalization throughout the entire process with complete traceability
- Incoming goods inspection include checks of the DRAMs, PCBs and the programmed SPDs in order to exclude possible errors (Controlled BOM).
- PHS-memory® brand memories guarantee 100% compatibility to the specified system.
- PHS-memory® memories can be used together with existing memories in the device depends on to the configuration rules of the system.
- The "fallback option" in the SPD of PHS-memory® allows DRAMs with higher clock rates to be operated together with older memory modules with lower clock rates within the system.
- Products with unique serial number for service and warranty
- Pre-sales and after-sales support by technically trained personnel

## Memory Specification

Memory size	32GB		
Memory technology	DDR4		
ECC support	no		
JEDEC Norm	PC4-2400T-U		
DRAM Organization	2Gx8		
Rank	2Rx8		
Туре	UDIMM (Non-ECC unbuffered)		
Number of pins	288 Pin DIMM		
Memory data transfer rate	2400MHz @ CL17		
Voltage	1,2 Volt		
•			
Speciality	-		
-	- 133,35 x 31,25 (LxB mm)		
Speciality	-		
Speciality Board dimensions	- 133,35 x 31,25 (LxB mm)		
Speciality  Board dimensions  Operating temperature	- 133,35 x 31,25 (LxB mm) 0° C - 85° C		
Speciality  Board dimensions  Operating temperature  Storage temperature	- 133,35 x 31,25 (LxB mm) 0° C - 85° C -40° C - +95° C		
Speciality  Board dimensions  Operating temperature  Storage temperature  RoHS compliant	- 133,35 x 31,25 (LxB mm) 0° C - 85° C -40° C - +95° C yes		

Note: The module specified in this datasheet is one of several possible configurations available under this part number.

Some details may differ from the specifications described here and the illustration, but have no negative influence on the functionality.

## System Specifications

The memory is 100% compatible with this sytem:

System manufacturer	Acer		
Device type	Desktop		
Device family	Predator Desktop		
Device series	G1-710 Serie		
Device name	Predator G1-710-70013		
Standard memory	32GB		
Maximum memory*	128GB		
Number of memory sockets	4		

<sup>\*</sup>The specifications for the maximum memory upgrade may differ from those of the manufacturer Acer. Often the information given in the manual for the maximum memory upgrade is not up to date. New memory technologies, bios updates or newer software versions often allow the use of memory modules with a higher capacity than specified by the manufacturer with the same performance and stability.

## Information on memory installation

- Turn off the system
- Remove the plug of the power supply unit (if connected)
- Remove the battery, according to the user manual of the system
- Always ground yourself before touching electronic components
- Protect the memory module from static voltages:
  - Do not touch the gold pins of the memory module
  - Only touch the sides of the memory module
  - Use a grounding strap and/or ESD glove if possible

General installation instructions are supplied by E-Mail.

## Further memory options for Acer Predator G1-710-70013

Size	SKU	Technology	Туре	Number of pins	Brand	Reference no.
16GB	SP246230	DDR4	UDIMM (Non- ECC unbuffered)	288 Pin DIMM	PHS-memory®	LC.DT425.16G, LC.DT424.16G
32GB	SP304329	DDR4	UDIMM (Non- ECC unbuffered)	288 Pin DIMM	PHS-memory®	

## PHS-memory® warranty

Every PHS-memory® is equipped with a 5-years-warranty of perfect operation. If the RAM module is defective or fails within 5 years of purchase when used properly, you will receive an appropriate RAM module free of charge. If a suitable memory module is no longer available, we will refund the purchase price.
