

8GB Computer memory DDR4 for Fujitsu CELSIUS W5010/L UDIMM

Your benefits ✓ verified quality memory ✓ 5 years warranty warranty details see last page ✓ 100% compatible ✓ free support on our hotline ✓ fast delivery

PHS-memory® - computer memory with 100% quality

- many years of IT competence
- Free support for optimal configuration and product selection
- High availability through professional warehouse management
- Fast delivery in throughout Europe
- Short response times and professional order processing due to full digitalization throughout the entire process with complete traceability
- Incoming goods inspection include checks of the DRAMs, PCBs and the programmed SPDs in order to exclude possible errors (Controlled BOM).
- PHS-memory® brand memories guarantee 100% compatibility to the specified system.
- PHS-memory® memories can be used together with existing memories in the device depends on to the configuration rules of the system.
- The "fallback option" in the SPD of PHS-memory® allows DRAMs with higher clock rates to be operated together with older memory modules with lower clock rates within the system.
- Products with unique serial number for service and warranty
- Pre-sales and after-sales support by technically trained personnel

Memory Specification

Memory size	8GB		
Memory technology	DDR4		
ECC support	no		
JEDEC Norm	PC4-21300U		
Туре	UDIMM (Non-ECC unbuffered)		
Number of pins	288 Pin DIMM		
Memory data transfer rate	2666MHz @ CL19		
Voltage	1,2 Volt		
Speciality	-		
Board dimensions 133,35 x 31,25 (LxB mm)			
Operating temperature 0° C - 85° C			
Storage temperature	-40° C - +95° C		
RoHS compliant	Yes		
SKU	SP432680		
EAN	4064578956141		

Note: The module specified in this datasheet is one of several possible configurations available under this part number.

Some details may differ from the specifications described here and the illustration, but have no negative influence on the functionality.

System Specifications

The memory is 100% compatible with this sytem:

System manufacturer	Fujitsu		
Device type	Workstation		
Device family	CELSIUS		
Device series	W5000 Serie		
Device name	CELSIUS W5010/L		
Standard memory	32GB		
Maximum memory*	128GB		
Number of memory sockets	4		

^{*}The specifications for the maximum memory upgrade may differ from those of the manufacturer Fujitsu. Often the information given in the manual for the maximum memory upgrade is not up to date. New memory technologies, bios updates or newer software versions often allow the use of memory modules with a higher capacity than specified by the manufacturer with the same performance and stability.

Information on memory allocation

Attention: ECC memory is only suitable for devices with Intel XEON processor.

Information on memory installation

- Turn off the system
- Remove the plug of the power supply unit (if connected)
- Remove the battery, according to the user manual of the system
- Always ground yourself before touching electronic components
- Protect the memory module from static voltages:
 - Do not touch the gold pins of the memory module
 - Only touch the sides of the memory module
 - Use a grounding strap and/or ESD glove if possible

General installation instructions are supplied by E-Mail.

Further memory options for Fujitsu CELSIUS W5010/L

Size	SKU	Technology	Туре	Number of pins	Brand	Reference no.
8GB	SP432680	DDR4	UDIMM (Non- ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 4
8GB	SP432677	DDR4	UDIMM ECC (ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 14
16GB	SP432678	DDR4	UDIMM (Non- ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 5
16GB	SP432675	DDR4	UDIMM ECC (ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 15
32GB	SP432679	DDR4	UDIMM (Non- ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 6
32GB	SP432676	DDR4	UDIMM ECC (ECC unbuffered)	288 Pin DIMM	PHS-memory®	S26462-F4108-L 16

PHS-memory® warranty

Every PHS-memory® is equipped with a 5-years-warranty of perfect operation. If the RAM module is defective or fails within 5 years of purchase when used properly, you will receive an appropriate RAM module free of charge. If a suitable memory module is no longer available, we will refund the purchase price.
